

WHAT WOULD MARIE POUSSEPIN DO UNDER THE CURRENT CONDITIONS AND CIRCUMSTANCES OF TODAY?

It is essential for us to deepen what compelled her, what impacted her so much and what brought forth the creativity of the response she gave to the urgencies of her time.

*She knew how to be an instrument of mercy, listening and the presence of **God** in the lives of the sisters and the people around them, always seeking to know more about **Jesus Christ** to announce the Good News of his love and his grace.*
